

Description

The castle of Larache is located one kilometer from the capital of Murcia, on a small hill. The lack of archaeological excavations at Larache prevent knowing exactly its chronology and functionality, but it is believed that it could be an Islamic fortified palace built in the 12th century. This structure has a square plan, two parallel wall lines, and no towers.

This model was generated in Reality Capture from 904 images.

Specifications

Country: Spain

Region: Murcia

Material: Stone

Age: Medieval

Provenance: Castle of Larache

Internal ID: larache_RC
