

Description

19th Century Meridian circle of Repsold located at the Capodimonte Astronomical Observatory/MuSA – Museum of Astronomical Instruments, Naples, Italy.

3D model was made in Reality Capture from 49 scan positions captured with two FARO Focus3D terrestrial laser scanners. Additional processing was completed in Meshlab and Blender.

Specifications

Country: Italy

Region: Capodimonte-Naples

Provenance: INAF Capodimonte Astronomical Observatory

Internal ID: Telescope_Full_Room

Digitization date: 25/09/2019

Digitization method: Laser Scanner

Photos / scans number: 48

Hardware: FARO Focus3D S70

Lighting: Interior
