

## Description

The Church of San Juan Bautista in Jodra del Pinar Guadalajara, Spain, is a small Medieval church built around the 13th Century in Romanesque style. The tower was added to the church subsequent to its initial construction. A well preserved portico exists on the structure's south side that includes beautiful capitals decorated with plant motifs. The 3D model was made in Reality Capture using 455 images captured with a DJI Phantom 4 Pro+ drone.
